

Princeton Research Day 2017 Judging Form
return this form to Frist 209

Student name: _____
Presentation type: _____
Presentation number: _____
Judge number: _____

Please note that the presentations should be targeted to a general audience.
 Enter the score (1-5) in the column to the right of each category. (Total of 20 points)

1 Poor	2 Fair	3 Good	4 Very Good	5 Excellent
------------------	------------------	------------------	-----------------------	-----------------------

MOTIVE			SCORE	
Is the goal of the work, question being asked, or problem posed clear? Is the significance of project and what is at stake (why it matters) evident? Is the research/creative activity situated within its academic field or wider artistic context?				
THESIS OR HYPOTHESIS			SCORE	
Does the argument or performance address the motivating question or problem? Do the key terms and concepts fit together? If performance, does the performance have a clear connection to motive?				
METHOD			SCORE	
Is the process for undertaking investigation or developing performance apparent? Are research/creative activity methods appropriate for addressing the objectives presented by the student? Are the results clear and support conclusions? If performance, is there is a clear relationship between the artist's statement and the performance?				
DELIVERY			SCORE	
Was the explanation clear for a non-specialist audience? Was the presentation engaging and easy to follow?				
TOTAL POINTS				
Comments (optional) Scoring and comments will be made available to the presenters afterwards. Please offer comments or suggestions that you wish to share with them. Judges will remain anonymous.				

Of all the presentations you've seen today, is this one worthy of a prize? YES NO (circle one)
